

When traveling **west** on Navigation Blvd., stay to the right lane after passing through SH90 intersection; do not go on the overpass/bridge. After crossing the railroad tracks, look to the right for the East End Maker Hub sign and turn right just before the sign; do not turn in the first driveway you see because that takes you into the Center Point parking lot. When you have turned right at the East End Maker Hub sign, you will drive for a little while down a long, curved driveway till you get to the parking lot. The purple pin is the entrance door for TXRX Labs.

When traveling **east** on Navigation Blvd., stay to the right lane after passing through McFarland St. intersection; do not go on the overpass/bridge. Before the railroad tracks, take the left U-turn so that you will be traveling west on Navigation Blvd. Look to the right for the East End Maker Hub sign and turn right just before the sign; do not turn in the first driveway you see because that takes you into the Center Point parking lot. When you have turned right at the East End Maker Hub sign, you will drive for a little while down a long, curved driveway till you get to the parking lot. The purple pin is the entrance door for TXRX Labs.
